

ESG Insights – Board Risks & Audit Perspective

Focus on ESG has shifted from a CSR perspective to a serious sustainable solution requirement to any business or organisations considering the uncertain situations that may be faced in the future.

This session would enrich all of the audiences in understanding the context and accordingly aligning the anticipated risks with the businesses hence provoking us to think about the right control measures to sustain in the future.

December 14, 2022 | 11.00 Am – 12.30 PM IST
